

# Conasauga District Trail Volunteers Work Day

## Beech Bottom Trail

### April 22, 2017

Thanks to the hard work of our Volunteer trail crew last month, erosion control work was completed (on the Panther Creek trail) in one day instead of two...so we move on to the popular Beech Bottom trail for our April maintenance event. We will be maintaining water bars for erosion control on this moderate 4-mile trail which leads to the beautiful Jacks River. After the trail work, continue on with us to visit Jacks River Falls, a wilderness experience you won't soon forget. 9.0 total round-trip miles.

**Where to Meet:** Beech Bottom Trailhead. Carpooling and caravan opportunities are available (email Robert at [RAEhiker@gmail.com](mailto:RAEhiker@gmail.com) or Larry at [lrthomas68@gmail.com](mailto:lrthomas68@gmail.com) ).

**What Time:** 9:00 a.m.

**What to Expect:** Plan to use hand tools for water bar maintenance. Ending time will be about 4:00 p.m. Team Conasauga events are a family-friendly, alcohol-free and drug-free setting.

**What to Bring:** Most important is a good attitude and a willingness to learn! Bring enough food and plenty of water for the day, plus a backpack to carry it. Sturdy footwear and work gloves are required for the task at hand. Long pants are recommended. Tools will be provided.

#### Directions to Beech Bottom Trailhead:

- From Chatsworth, travel north on highway 411 approximately 12 miles to Cisco, GA.
- Turn right at Cisco Baptist Church onto Old GA highway 2 and drive about 9 miles to the Jacks River Bridge.
- After crossing the bridge, turn right and travel about 1.2 miles.
- Take a sharp right onto FS 62 (Big Frog Loop Road) and go about 4.7 miles to the trailhead parking lot on the left.
