

# Team Conasauga Work Day

## Rough Ridge Trail –

## MOVED TO March 24, 2018

Join the CDTV on the Rough Ridge Trail as we work on waterbars and dips to improve the trail. This is a pretty stretch of trail, and there's nothing like being in the mountains during the early spring, getting views through the trees and seeing what's budding out there. Plan for about a 6-10-mile roundtrip moderate hike, depending on how far you'd like to hike in while working. We will be meeting at 9:00 AM at the Three-

Forks trailhead. Carpooling and caravan opportunities are available (email Robert at [RAEhiker@gmail.com](mailto:RAEhiker@gmail.com) or Larry at [lrthomas68@gmail.com](mailto:lrthomas68@gmail.com)).

### What to Bring:

Most important is a good attitude and a willingness to learn! Bring work gloves, enough food and water for the day, and a backpack to carry your supplies/food. Sturdy boots and appropriate clothing are required for the task at hand (long pants are recommended for water bar maintenance). Tools and safety gear such as hard hats and protective eyewear will be provided. If you plan to stay for the food and fellowship after the work is complete, please bring a dish to share and place settings for yourself and your party members.
